XII. BASIS FOR SELECTION

Proposals will be reviewed by a Source Evaluation Board (SEB) and scored against the stated criteria. The SEB may review references, request interviews/presentation, etc... These discussions shall only be conducted for the purpose of obtaining clarification from the Offeror on its proposal, and do not in any way commit ASPA to a contract. Discussions shall be conducted individually with each offeror and care shall be exercised to ensure that no information derived from competing Offeror’s proposal is disclosed. The resulting information will be used to the score the proposals. The SEB’s scoring will be tabulated and proposals ranked based on the numerical scores received.

All Offerors with whom discussions are conducted shall be afforded an opportunity to revise their proposals in response to specific clarifications based on the discussions. Unless the Procurement Manager determines that satisfactory evidence exists that a “mistake” has been made, as set forth in Procurement Rules §3-114, Offerors will not be permitted to revise their proposals after proposal opening.

ASPA reserves the right to make the award to the Offeror that submits the proposal, which meets the requirements set forth herein and is in the best interests of ASPA after taking into consideration the aforementioned factors. ASPA also reserves the right to select portions of a proposal, or to reject any and all proposals.

ASPA intends to award this solicitation to the Offeror who has achieved the highest total responsive and responsible score as defined herein based on the Priced and Non-Priced Proposals.
